The **Public Safety Radio Strategic Planning Committee (PSRSPC)** was established by the Public Safety Communications Act of 2002 (Government Code section 8592 et seq.). The PSRSPC continues its efforts to achieve operability and interoperability throughout the State.

The **California Statewide Interoperability Executive Committee (CALSIEC)** was established in 2003 by the Director of the Office of Emergency Services (OES) to consolidate California's administration of state and nationally designated Interoperability channels, and to fulfill California's responsibilities outlined by the FCC in 47 C.F.R. §90.525.

This meeting is open to the public. Representatives of Federal, State, Tribal, County, City, and Special District Public Safety agencies, and non-governmental organizations with FCC Public Safety Radio Services eligibility are encouraged to attend and participate.
